Hi. My objections remain the same.

I cannot agree to works where the scope, impact and consequence have not been detailed. A list of possibilities is not something that can be agreed to. Until detailed plans, timescales, scope of work, materials and finished aesthetics is available my objections remain the stands.

I hope this suffices.

Good Afternoon,

You have indicated that you wish to participate in the hearing for the above scheme.

As previously advised, participation in the hearing requires you to provide a hearing statement.

I have not yet received your written hearing statement, which was due on **16<sup>th</sup> December 2025**.

**Please let me know today if you still intend to participate in the hearing.**

If you intend to participate in the hearing, you **MUST** send me a written statement of the points you wish to make at the hearing. This must be provided no later than **12 noon on Friday 19<sup>th</sup> December**.

If you wish to rely on your previous written objections to the Council as your hearing statement, please provide a copy of those. Please note, you will not be able to raise additional points if they are not already covered in your previous submission.

Submission of documents by the specified dates is essential to ensure that all parties have the necessary information to allow for the efficient running of the hearing. If you do not adhere to these dates, your ability to participate in the hearing may be affected.

If you have any queries about the process, please feel free to contact me.

Kind regards,

**Dawn Holmes**
